Welcome Back, Amy!

Amy Brantley,
Director of Sales

What an exciting time to be returning to The Heritage Club team! I first came to The Heritage Club in 1998 as the Membership Director. Since leaving, I have continued to work for private membership-based organizations including The Ledges and The Huntsville Museum of Art. The last two years I've worked in the beauty industry as a manager for the Aveda brand. I have two beautiful sons, ages 14 and 4.

In February, Mr. Salazar called me and said, "I want to show you the future of the Club." When we met at Bridge Street, and I had the opportunity to see the new location and hear his vision, I was sold!

I am looking forward to reuniting with our Members, working with our Board of Governors, and growing our Membership.

In service,
Amy

Member Spotlight

Marjorie Tate McCulley was born one “frosty” morn in Chattanooga, TN. Her major in organic chemistry from the University of Chattanooga led her to Huntsville and the Army Missile Command. During her 30+ years as a Research Chemist at Redstone Arsenal, she became internationally known as an expert in the field of solid rocket propellants. She was one of the pioneers in the invention and development of solid rocket propellants, and was on the team that developed the Patriot Missile. She was the first woman at Redstone to earn “The Science and Engineering Award” twice. At 36, she earned a first degree black belt in Taekwondo and second degree black in Jujutsu.

She is a charter member of the North Alabama Chapter of the American Wine Society (AWS). She married Jack McCulley in 2001 and today they serve as wine judges for amateur wine competitions. Marjorie was recently elected AWS Regional Vice President of AL, TN and GA.
